

Making decisions: Model with completed responses (Years 3–4)

Quinn and Ezrum are at the local shop. Quinn puts a chocolate bar in his jacket and says, 'Come on, let's go before they catch us!' What could Ezrum do?

Note: 'Shoplifting' is another word for stealing or theft. It is a criminal offence, no matter how big or small the item is. Even if Ezrum does not take the item himself, he could still be charged with theft, because he knows what Quinn is doing and is there with him at the time.
